

Review Dragon Ball Z Dokkan Battle

BANDAI NAMCO Entertainment Inc.

The acclaimed anime saga of the adventures of Goku and his friends receives a free game for Android and iOS. Bandai Namco presents Dragon Ball Z Dokkan Battle, a delivery full of color, strategy and fun. The fights are given with a very entertaining mechanics and the animations are reminiscent of the successful television program

In the mid-eighties Akira Toriyama revolutionized the world without knowing it. During those years, the Japanese created one of the franchises that would be one of the most important for years to come. He would not only have his manga but also a television series, movies, T-shirts, toys, video games and all kinds of merchandising. We refer to **Dragon Ball**, the adventures of Goku and his friends who conquered not only the public in the East, but also in the West.

Dragon Ball Z Dokkan Battle is a delivery that can be **downloaded for free** for mobile devices, both on **Android and iOS**. It is developed by Bandai Namco Entertainment based on the renowned anime. It is definitely a proposal that knows how to make your audience have fun. Not only does it have very good and dynamic graphics in its design, but it also has interesting and colorful clips within the game. The scenes between fight and fight are reminiscent of the mythical television series that conquered millions of boys and girls of different generations.

Among the **game modes of Dragon Ball Z Dokkan Battle** you have an option outside of battle mode, which is a unique mission to start building a good team with our best players that you can train and upgrade. The game receives new content on a regular basis, ensuring you won't be disappointed or bored. For example, it has the World Tournament Campaign where you can play Dragon Ball Z Dokkan Battle with your friends and users from all over the world.

By downloading Dragon Ball Z Dokkan Battle you will enter another of the great proposals around the franchise. Releases based on Toriyama's creation typically draw millions of players, and the **free mobile app** is no exception. Without going any further, a few months after its release, the title set a record for collection in Japan. While **Dragon Ball Z Dokkan Battle can be installed for free**, it is possible to make purchases within the platform.

The creation of Bandai Namco is a proposal that mixes puzzle genres and puzzle solving with strategies. We will have to slide along a map that is similar to a board of a board game and face enemies. The battles consist of mechanics that are similar to launches such as Tetris or Candy Crush, since we must guide our character to slide through different energy balls with different colors.

Some starting **Dragon Ball Z Dokkan Battle tips and tricks** to consider are:

When you start for the first time you will receive 40 free gift stones. It is a very large number of the most valuable coins in the game. Use them conscientiously or save them for later times in the game - wait to find out how you can get your favorite characters, and so on. First you have a leader and five more figures. Each card has a leadership ability and this will determine, in principle, all the reinforcement benefits that your team will receive based on the abilities of that leader character. This is extremely important and will be more or less the basis of how you can manage your squad and achieve victory.

There are five different types of cards in the game, you have "AGL-blue, TeQ-green, INT-purple, STR-red, PHY-organs. There are many ways you can handle teams that can play specific types of teams or to release heroes or villains and more.

As you progress through the game you will get stronger cards. You must try to find the leaders you give KEY, HP attacks and DEFENSE. Each mission you do here, you can do it in three difficulties. Each level will be unlocked as we

complete the previous one. The different levels of difficulty will give you a stone. Remember that they are the most important thing in the game and you can buy them with real money if you wish.

Keep in mind when **downloading Dragon Ball Z Dokan Battle** that the title is one hundred percent vertical and can be played with just one hand. It may be strange for some users but if you are a follower of the Goku saga you will undoubtedly enjoy the experience.

Pros	Cons
-It can be downloaded for free. - Good animations. - Famous characters. - Easy to play.	- Too many in-game purchases. - You have no option to play in landscape mode. - The mechanics of the battles can be boring. - If you are not a follower of the franchise you may find it boring.
